

INSTITUTO BUTANTAN

121 YEARS AT THE SERVICE OF LIFE

[EN.BUTANTAN.GOV.BR](https://en.butantan.gov.br)

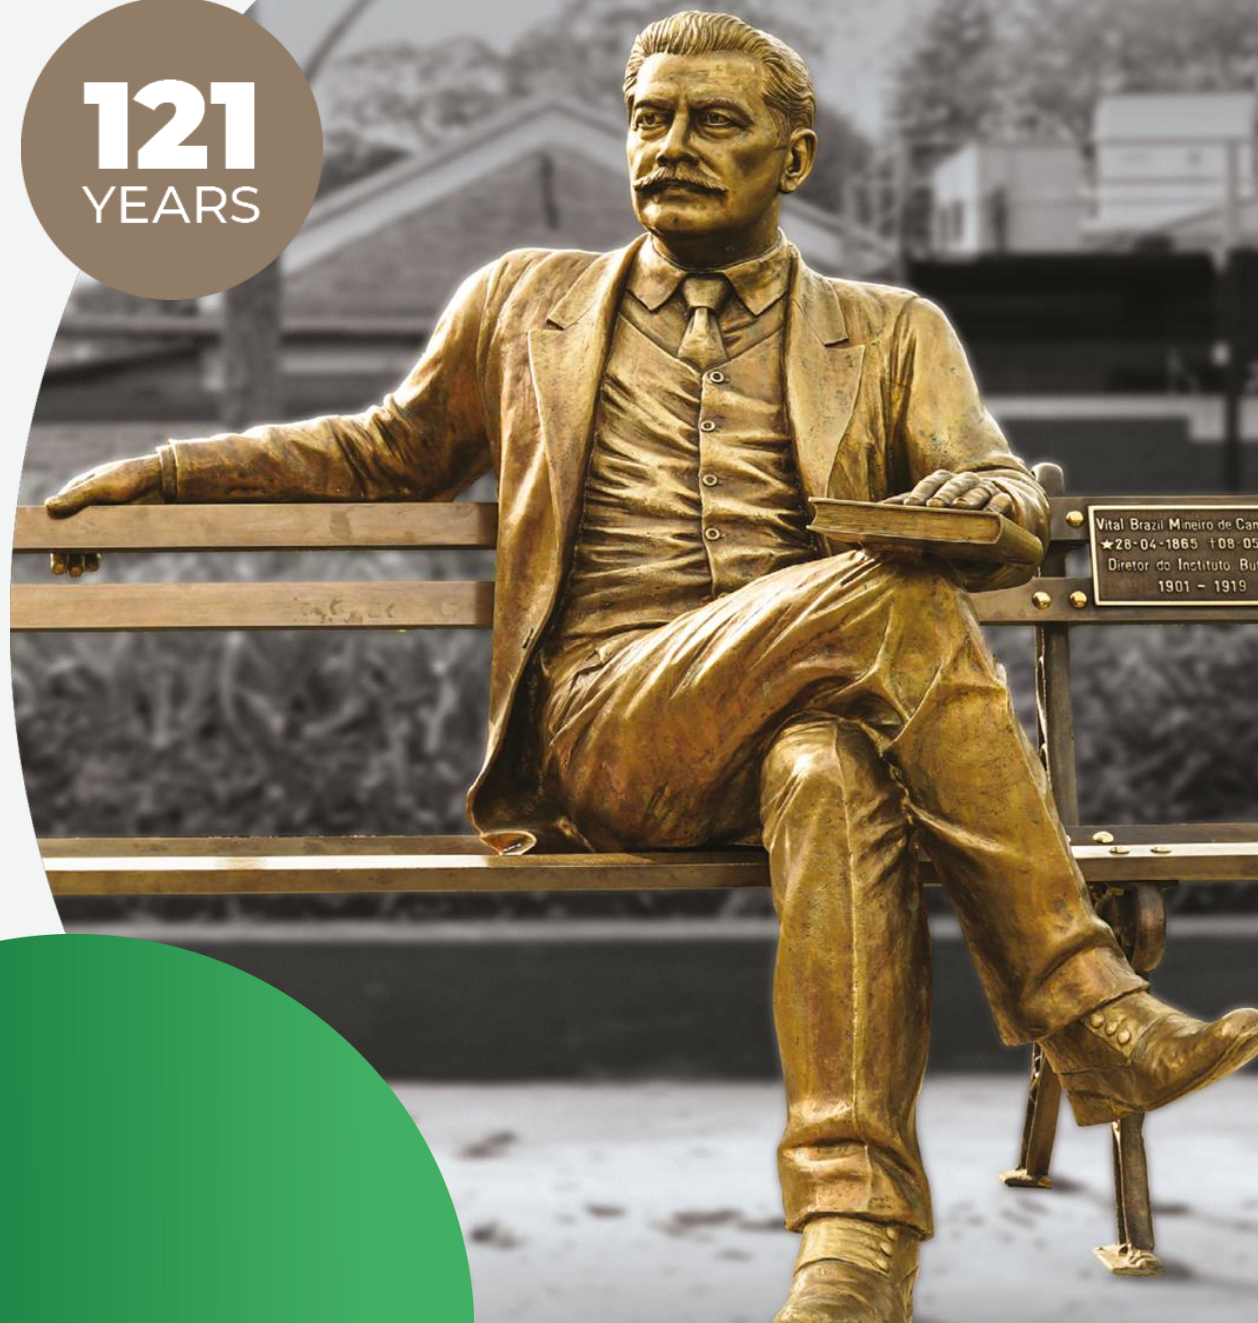

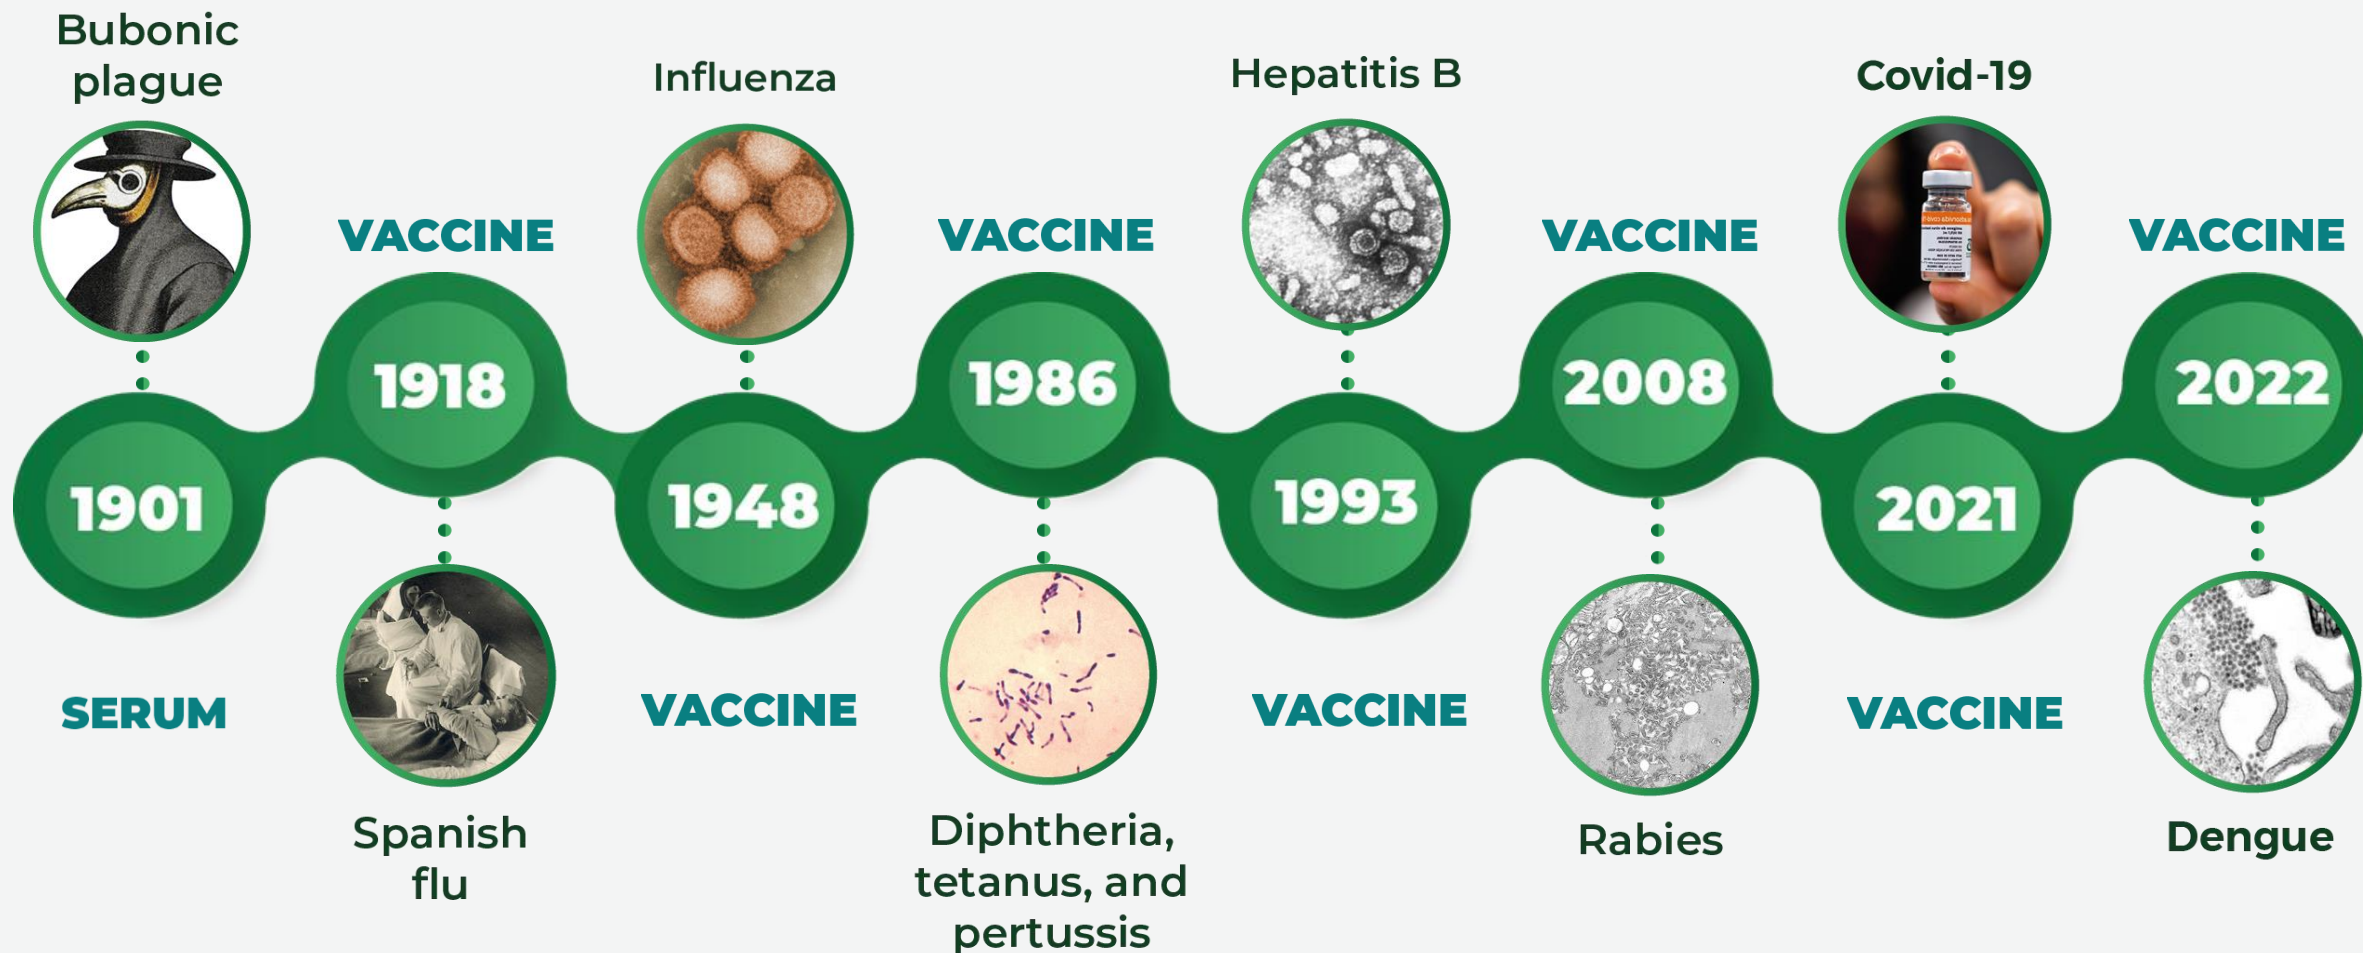

121 YEARS OF INSTITUTO BUTANTAN

We at Instituto Butantan
work tirelessly at the
service of life

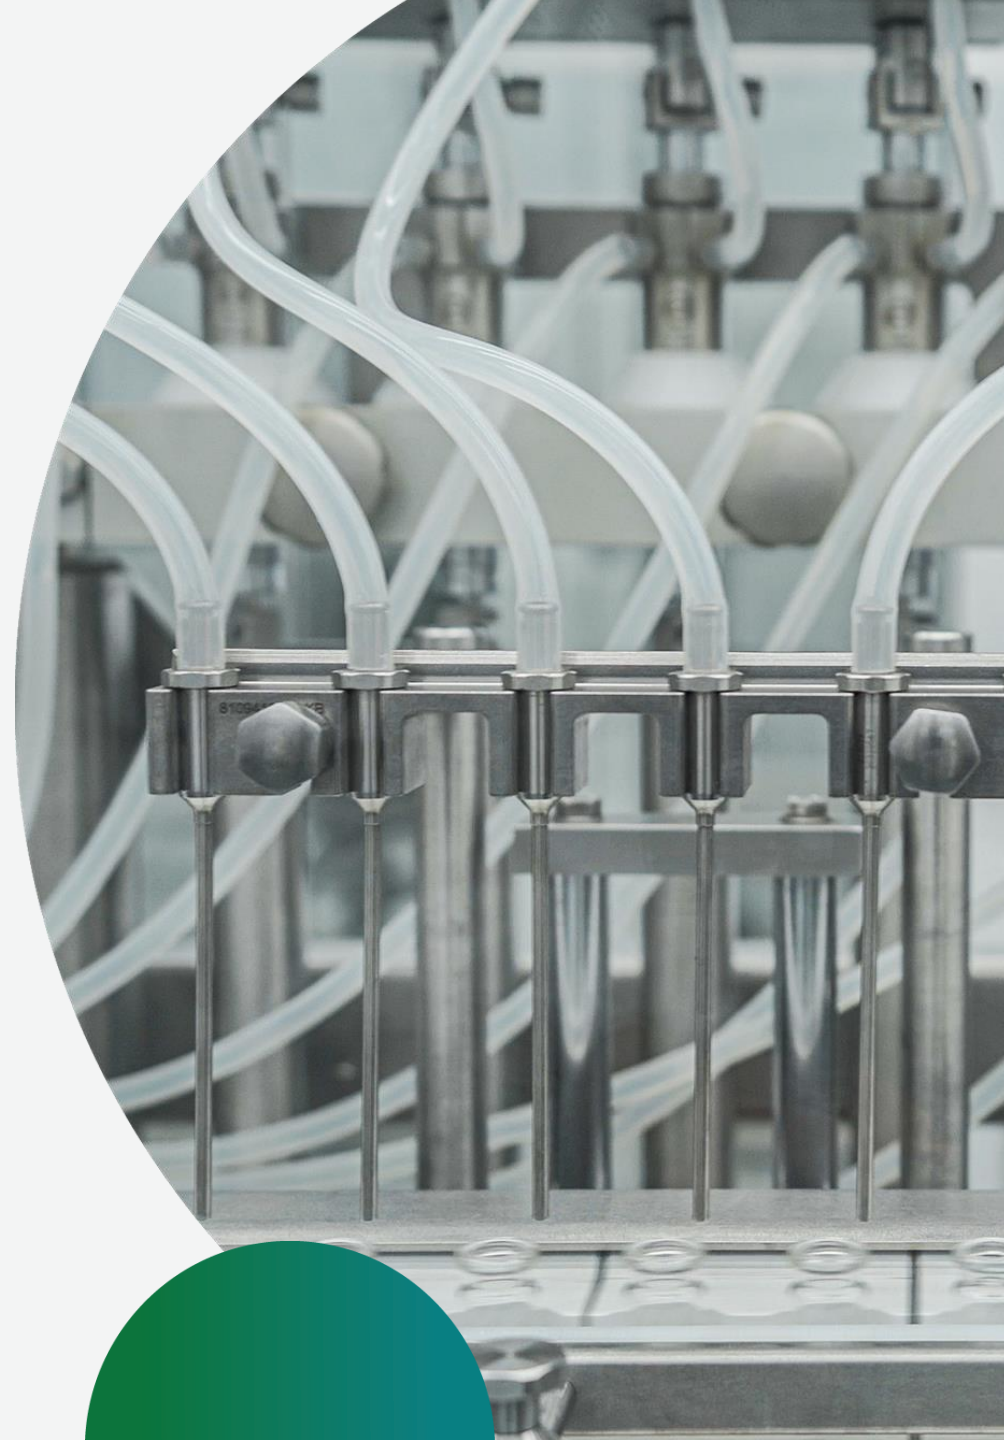

121
YEARS

PRODUCTION OF SERA AND VACCINES

We are the **largest producer** of sera and vaccines in **Latin America** and a worldwide reference of **quality and efficiency**

PRODUCTION OF **SERA AND VACCINES**

65%
91.4 million

of the **vaccines distributed**
by the Brazilian Unified Health
System (SUS) through the
National Immunization Program

100%
80 million

of the **flu vaccines**
produced in Brazil

PRODUCTION OF **SERA AND VACCINES**

560K

Vials of serum
per year

Against **venomous animals**,
bacterial toxins, and
the **rabies virus**

In 2019, the **process of equine plasma collection** was automated through **plasmapheresis**, thus improving the quality of the sera's raw material

São Joaquim
Farm

RESEARCH AND DEVELOPMENT INFRASTRUCTURE

With **cutting-edge
technology** resources

Bioindustrial Center

High-level factories, such as the one for **monoclonal antibodies** that will produce medicines for the treatment of cancer and autoimmune diseases

25

Laboratories . . .

Around 80 infrastructure works

One of them is the **multipurpose factory**, one of the few BSL-3 facilities in Brazil and planned to produce the Covid-19 vaccine

CENTURY-OLD INSTITUTIONAL MEMORY

In a park with **725** square
meters of **green area**

CENTURY-OLD INSTITUTIONAL MEMORY

**200K
BOOKLETS**

**15K
COPIES**

of books, theses,
and dissertations

**HISTORIC
BUILDINGS**

***In the future,** our science park will
inspire visitors to experience the **potential
of Brazilian science** and the
impact of **quality public health***

“

Our 121 years have taught us that all of it was
only made possible – and is possible now – because
we work together at the service of life

”

THANK YOU!

FOR TAKING THE TIME AND
TRUSTING OUR WORK
